

GENERAL STATEMENT OF PHILOSOPHY FOR THE ACTIVITIES PROGRAM OF FORT CALHOUN PUBLIC SCHOOLS

The activities program of the Fort Calhoun Public Schools offers a wide-range of opportunities for student participation and benefit. All students are encouraged to become involved in the activities program, with participation restricted only by criteria established by various national, state, and/or local bodies. Those criteria address issues such as: academic status, competitive merit, disciplinary standing, age, and such other factors determined from time to time to be relevant and necessary.

Student participants and their parents are responsible for understanding and abiding by established regulations and procedures. All such regulations and procedures will comply with existing Board policy and other regulatory authority.

The activities program of Fort Calhoun Public Schools serves a variety of purposes, including:

- 1) Supporting academic achievement; **research indicates that students involved in co-curricular activities perform better in the classroom, are more apt to finish school, and are an indicator of success in an individual's chosen career;**
- 2) Teaching students important lessons about dedication, self-discipline, self-confidence, time management, teamwork, a good work ethic, and leadership skills; offering students lessons on dealing with success and failure;
- 4) Providing students with opportunities for safe and healthy social interaction;
- 5) Allowing students an alternative means of achievement and accomplishment;
- 6) Promoting home-school relations through providing a source of entertainment, creating a sense of community pride, and showing students at their best.

SPORTSMANSHIP

At its best, athletic competition can hold intrinsic value for our society. It is a symbol of a great ideal; pursuing victory with honor. **“As Fort Calhoun Pioneers’ be the leaders in Sportsmanship”**

The love of sports is deeply embedded in our National consciousness. The values of millions of participants and spectators are directly and dramatically influenced by the values conveyed by organized sports.

In the belief that the impact of sports can and should enhance the character and uplift the ethics of our school and athletic program, we have adopted the following: It is therefore agreed:

1. The essential elements of character building and ethics in sports are embodied in the concept of sportsmanship and six core principles: **“Trustworthiness, respect, responsibility, fairness, caring, and good citizenship.** The highest potential of sports is achieved when competition reflects these six pillars of character.”
2. Coaches, and school administrators will take the lead to promote sportsmanship and foster good character by teaching, enforcing, advocating, and modeling these ethical principles.
3. Our sports program will promote sportsmanship by enhancing the mental, social and moral development of athletes and teach them positive life skills that will help them become personally successful and socially responsible.
4. Participation in athletic programs is a privilege, not a right. To earn that privilege, athletes must conduct themselves, on and off the field, as positive role models who exemplify good character.
5. Everyone involved in athletic competition including fans has a duty to treat the traditions of the sport and other participants with respect. We all have the responsibility to model respectful behavior and the duty to refrain from disrespectful conduct, including verbal abuse of opponents and officials, profane and belligerent trash talking, taunting and unseemly celebrations.

PARTICIPATION GUIDELINES

The following regulations and guidelines reflect the framework of the district philosophy. These have been developed to serve as a guide to students, parents, coaches, sponsors, administrators, and Board of Education members in the development and administration of the district's activities program. These guidelines are written for all school activities. Coaches and or sponsors will provide additional information pertaining to each specific activity.

A. VARSITY ACTIVITIES

1. The purpose of varsity activities is to put forth the best competitive effort for the team in question. To that end, coaches will give playing time priority to those players (eligible for varsity competition) demonstrating the greatest ability, competitive nature, and team attitude. Playing time for many participants may be limited.

B. JUNIOR VARSITY ACTIVITIES

1. Junior varsity activities are designed to develop the talent needed for a competitive performance at the varsity level. Each participant at the junior varsity level will have the opportunity to play during each regular season contest provided that he/she has met all other criteria for participation and his/her playing will not create safety or welfare concerns. Coaches will give playing time priority to those players demonstrating the greatest ability, competitive nature, and team attitude.

C. RESERVE ACTIVITIES

1. Activities offered at the reserve level will emphasize the teaching of fundamentals, sportsmanship, teamwork, and competitive spirit.
2. Each participant on a reserve level team will play during each regular season contest provided that he/she has met all other criteria for participation and his/her playing will not create safety or welfare concerns. Coaches will give playing time priority to those players demonstrating the greatest ability, competitive nature, and team attitude.
3. If a reserve team is entered in a tournament, the team's goal will be to win as many tournament games as possible. To that end, participants judged by coaches to be the best qualified will receive playing time priority.

D. JUNIOR HIGH SCHOOL ACTIVITIES

1. Activities offered at the junior high level will emphasize the teaching of fundamentals, sportsmanship, teamwork, and competitive spirit.
2. Each participant on a junior high school team will play during each regular season contest provided that he/she has met all other criteria for participation and his/her playing will not create safety or welfare concerns.
3. To the extent possible, the athletic director will schedule contests for junior high school students equal to the maximum number allowable under state law.
4. The junior high activities will be organized using an A, B, and C structure. The top players will be on the "A" Team regardless of grade. The "B" Team will be comprised of the next group of players, and so on. With this structure, there could possibly be 7th and 8th graders playing on any of the three teams.
5. If a junior high school team is entered in a tournament, the team's goal will be to win as many tournament games as possible. To that end, participants judged by coaches to be the best qualified will receive playing time priority.

PHYSICAL EXAMINATIONS

The State Athletic Association rules require all high school athletes and Fort Calhoun Community School requires all junior high athletes to have a physical exam before starting athletic practices each

year. This exam may be any time after May 1, of the preceding school year. There are two means of meeting this requirement: 1. Family physician: 2. Group physicals. When a family physician is used obtain a current school physical form from the high school office.

INSURANCE

All athletic participants are encouraged to be covered by insurance. The school does not carry injury insurance coverage for athletics. However, this can be done in two ways:

- A. By having family insurance at home.
- B. Subscribe to insurance through the school.
 - 1) Football players can get football insurance policies through the school. This covers only football injuries.
 - 2) All other sports are covered by the all-student insurance, which is offered through the school each year at a nominal rate. Forms are available in the high school office.

CONCUSSION AWARENESS

Training to recognize the symptoms of concussions and brain injuries and how to seek their proper medical treatment shall be made available to coaches of the district's athletic teams.

The district will provide information on concussions and brain injuries to athletes and their parents or guardians prior to the beginning of practice or competition including at least:

- 1. The signs and symptoms of concussions;
- 2. The risks poses by sustaining a concussion; and
- 3. The actions a student should take in response to sustaining a concussion including the notification of coaches.

A student participating on a school athletic team shall be removed from a practice or game when reasonably suspected of having sustained a concussion or brain injury in that activity after observation by a coach or a licensed health care professional that is professionally affiliated with or contracted by the school.

The injured student shall not be permitted to participate in any school supervised team athletic activities involving physical exertion, including, but not limited to, practices or games, until the student;

- 1. Has been evaluated by a licensed health care professional;
- 2. Has received written and signed clearance to resume participation in athletic activities from the licensed health care professional;
- 3. Has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity as required above, the parent or guardian of the student shall be notified by the school of the date and approximate time of the injury suffered by the student, the signs and symptoms of a concussion or brain injury that were observed, and any actions taken to treat the student.

CONCUSSION SIGNS, RISKS, ACTIONS AND RETURN TO PLAY INFORMATION

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a "ding," "Getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

You can't see a concussion. Signs and symptoms of concussion may show up immediately after the injury or may not appear to be noticed until days or weeks after the injury.

What are the signs and symptoms of a concussion?

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

Signs Observed by Parents or Guardians

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Symptoms Reported by Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

How can you help your child prevent a concussion?

Every sport is different, but there are steps that your children and you can take to protect them from injuries such as concussion:

- Ensure that they follow their coach's rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity such as helmets, padding, shin guards, and eye and mouth guards. Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

What should you do when you think your child has suffered a concussion?

1. **Seek medical attention immediately.** A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.

2. **Keep your child out of play.** Concussions take time to heal. Don't let your child return to play until a health care professional says it's OK. Children who return to play too soon – while the brain is still healing – risk a greater chance of suffering a second concussion. Repeat or later concussions can be very serious. They can cause permanent brain damage and affect your child for a lifetime.

3. **Tell your child's coach about any recent concussion.** Coaches should know if your child had a recent concussion. Your child's coach may not know about a concussion your child suffered in another sport or activity unless you tell him or her.

IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON.

The Risks: Concussions are known to be cumulative. That is, each time you have a concussion it is easier to get another concussion in the future. Repeated concussions can lead to long-term memory loss, psychiatric disorders, brain damage, and other neurological problems. If a person has had a number of concussions, the doctor likely will advise the person to avoid the activities that may put them at risk for future head injuries and to discontinue contact sports.

Return to Play Protocol

The majority of injuries will be simple concussions and such injuries recover spontaneously over several days. In these situations, it is expected that an athlete rapidly through the stepwise return to

play strategy. During this period of recovery in the first few days following an injury, it is important to emphasize to the athlete that physical AND cognitive rest is required. Activities that require concentration and attention may exacerbate the symptoms and result in a delayed recovery. This concept of “cognitive rest” appears to be of significant importance in student athletes.

The return to play following a concussion follows a stepwise process:

1. No activity, complete rest. Once asymptomatic, proceed to step 2.
2. Light aerobic exercise such as walking or stationary cycling, no resistance training.
3. Sport specific exercise (e.g.: running), progressive addition of resistance training at steps 3 or 4.
4. Non-contact training drills.
5. Full contact training after medical clearance.
6. Game play

With this stepwise progression, the athlete should continue to proceed to the next level if asymptomatic level and try to progress again after 24 hours.

In cases of complex concussion, the rehabilitation will be more prolonged and return to play advice should be more circumspect. It is recommended that physicians manage complex cases with a specific expertise in the management of such injuries.

An additional consideration in return to play is that concussed athletes should not only be symptom free but also should not be taking any pharmacological agents/medications that may affect or modify the symptoms of concussion.

Return to Learn

Students who have sustained a concussion and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. The school’s “return to learn protocol” shall be the guidance provided by the Nebraska Department of Education entitled “Bridging the Gap from Concussion to the Classroom,” and accompanying materials and future supplements. Nothing in this policy or the referenced protocol shall entitle a student who has sustained a concussion to an individualized plan under Section 504 of the Rehabilitation Act, although staff will refer students who have sustained a concussion for evaluation under Section 504 as appropriate.

INJURY REPORTS - see page 25

- A. Any student, if injured on the way to school, during school, on the way home from school, or during a school sponsored activity, should make sure an injury report has been filled out and turned in to the office. If the student is covered by school insurance, it is her/his responsibility to report to the office to initiate the insurance claim. Claim forms can be secured at the high school office.
- B. Athletes injured in sports should make sure the coach has filled out and submitted an injury report to the office. Athletes, too, have the responsibility of follow-up - - to initiate the insurance claim, if the injury resulted in ambulance service, doctors care, or hospital expenses. Remember - insurance companies have no way of knowing about an injury unless you inform them through a claim form. Claim forms can be secured in the high school office.

EXTRA - CURRICULAR

DEFINITION

Extra-curricular activities include all school organizations and clubs, which involve performances/activities outside of the regular 8:00AM to 3:10PM school routine.

STUDENT ACTIVITY PARTICIPATION CODE

Before students are allowed to participate in school-sponsored activities, students and parents must sign the Parental Consent Form at the back of the handbook indicating they have read the Student Activities Handbook.

GENERAL RULES

APPEARANCE

- A. All participants will dress in such a manner as to be representative of the student body and community. Dress, which infringes upon the rights of others, will not be permitted.
- B. Any student dressed inappropriately will be sent home to change clothing before they are allowed to be with the activity/organization.

WEDNESDAY NIGHTS

The school will schedule no contests, games, or performances on family night. Practices are expected to be concluded by 5:30PM, with students out of the building by 5:45PM. Occasionally, however activities are held on Wednesday evenings when scheduled at the State or District level (these are beyond the school's control).

CHANGING ACTIVITIES

Students will be allowed to transfer from one activity to another during a given season only upon approval of both sponsors and the athletic director. Before a student will be allowed to compete, there will be a waiting period of five (5) practices.

STUDENT RESPONSIBILITIES

- 1. Students must take care of all obligations (equipment, fines, etc.) from their last activity before participating in another activity.
- 2. School owned equipment and uniforms are to be worn only at scheduled practices or games/meets.
- 3. All equipment is to be stored in and issued from equipment rooms. At no time is there to be a student in the equipment room without coaches/sponsors' permission.
- 4. Students are allowed to participate in an event or practice only if they are in school the second half of the day. The principal or athletic director may approve individual exceptions.
- 5. Students are to report to the practice/event area on time as set by the coach/sponsor.
- 6. In most situations, transportation to participate in school activities will be provided by the school District.
 - a) When the school provides transportation, students are required to travel to and from the activity with the team or organization. First violation will result in a 1 week activity suspension. (See c. below for exceptions)
 - b) Students are expected to behave appropriately while on school buses. The bus riding rules, as explained in the Parent/Student Handbook, will be enforced while being transported for activities.
 - c) Traveling in school transportation is required for safety and liability purposes and for developing team, organizational, and school spirit. The one exception in school transportation is when parents request that their child return from an activity with them or the parent of another student. This request must be in writing and must be given to the sponsor or coach prior to the return trip home. Parents must sign off on the travel list.

*Consequence for violating the student responsibilities are addressed in each activity's specific guidelines.

SPECIFIC RULES

INDIVIDUAL ACTIVITY GUIDELINES

Each activity has specific rules and regulations for the development of sportsmanship and ethical conduct within the parameter of the school's legal responsibilities (i.e. on school grounds or at a school sponsored activity).

All rules of behavior specific to an activity and the possible consequences of violating those rules are approved by the administration and then communicated to the participants and their parents prior to the start of an activity.

SUPERVISION

Each coach/sponsor is responsible for the supervision of students before, during, and after all functions. The coach/sponsor is required to be in the building until all students under his/her supervision are out of the school. Students are not to use facilities or equipment unless under direct supervision of a coach/sponsor or designated adult.

SCHOOL DISTRICT BUS RIDER RULES

Regular school conduct is required of all students. Any violations or causes of misbehavior will be reported to the transportation director. The following procedure will be utilized to ensure that everyone concerned realizes the consequences for inappropriate behavior on the bus:

SCHOOL CODE OF CONDUCT ELIGIBILITY POLICY WILL BE ENFORCED.

Please read and review these rules with your children.

1. While riding the buses, students are under the supervision of the school bus driver and must obey rules at all times. The driver has the responsibility to notify the transportation supervisor of misconduct; the transportation supervisor or the building principal has the authority to temporarily suspend a student from riding the bus.
2. Treat bus equipment as you would valuable furniture in your own home. Damage to seats, etc., will be paid for by the offender. Any damage should be reported to the driver. Knives or sharp objects of any kind are not allowed nor are firearms, pets, or other live animals. Smoking, eating, drinking, and use of profane or immoral language are prohibited on the school bus. The driver may assign the students seats and hold them responsible for their seats.
3. Students are expected to conduct themselves in a manner such that they will not distract the attention of their driver or disturb other riders on the bus. Students should not divert the driver's attention by talking to him, except in the case of an emergency.
4. Bus riders are expected to be courteous to fellow students and the driver. Horseplay, fighting, scuffling or slapping at others will not be tolerated on the bus. Seats may not be reserved.
5. Students should assist in keeping the bus clean, sanitary and orderly at all times. Paper, food or other objects should not be thrown on the floor of the bus. No cans or bottles will be allowed on the bus. Keep aisle and front door walk clear. Do not put feet in aisle. When departing from the bus remove all items, which were carried on to the bus.
6. Students are permitted to open windows if the driver consents. Hands, arms, and heads should be kept inside the bus at all times. No objects of any nature shall be thrown or passed into or from the bus door or windows by passengers or others. Students should refrain from calling out to passersby.
7. Noise on the bus should be kept to a minimum. The same behavior is expected on the school bus as in a classroom. Riders should not change seats while the bus is in motion. Absolute quiet is necessary when the bus is approaching and crossing a railroad track to allow the driver to listen for approaching trains.

8. Never tamper with the bus or any of its equipment, i.e. fire extinguishers, first aid kit, or emergency door. These are to be used only in case of an emergency by an authorized person.
9. If the emergency door or emergency window exits are found open or partially open, the bus driver should be immediately notified. The rear door is an EMERGENCY DOOR and should be used only in an emergency and at the direction of the driver. It is not to be tampered with. In case of an emergency, students are to follow the directions given by the driver and remain on the bus unless told to unload.
10. All school rules apply to buses. This is considered a part of the school day for those students who ride the bus.
12. Students who participate in activities shall ride to and from the activity on school-sponsored transportation. Written requests, **submitted to the coach and or sponsor of the activity**, may be made by parents asking that their student be allowed to go or return from the activity with the parents or with other parents. Such requests may be honored. At no time will students be allowed to ride home with other students or younger adults. While at the activity, students are to remain with the group at the site of the activity or other assigned site or staging area unless excused by the school sponsor. This policy has been created for the safety of students and for the convenience of the parents, instructors, and sponsors. First violation will result in a 1 week activity suspension.

If a student has participated on a high school team at any level as a seventh, eighth, or ninth

grade student, he/she has established his/her eligibility at the high school where he/she participated. If the student elects to attend another high school upon entering ninth or tenth grade, he/she shall be ineligible for ninety school days.

Student eligibility related to domicile can be attained in the following manners:

- 2.6.9.1 If the change in domicile by the parents occurs during a school year, the student may remain at the school he/she is attending and be eligible until the end of the school year or transfer to a high school located in the school district where the parents established their domicile and be eligible.

The student would become ineligible for ninety school days the next fall if the student were to change his/her mind and decide not to transfer. If such student were to transfer to the new school, but later decides to return to his/her former district before 90 school days have elapsed, such student will be ineligible in the former district for the remainder of the 90 school days, with the ineligibility period commencing at the start of the fall semester. Those students who did not have their enrollment forms signed, delivered and accepted prior to May, 2020, shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.
- 2.7.9 Transfer to Home School District. FORT CALHOUN ELIGIBILITY

In addition to the observance of the Nebraska School Activities Association eligibility rules, the following rules are in effect for Fort Calhoun students.

ACADEMIC ELIGIBILITY

Eligibility List: The eligibility list comes out every week. This list of students indicates class work that is failing.

Any pupil becomes ineligible for all extracurricular activities upon receiving a failing mark in 1 subject until the grade becomes passing. Any student may appeal their eligibility status to the Eligibility Committee after a request has been made to the building principal.

An academically ineligible student may still participate in athletic practices, regular club meetings, and class field trips during the period in which that class meets.

Ineligible students are excluded from:

- All athletic competition
- All meetings, conventions outside the local school system
- All field trips, which cause students to miss other classes
- All evenings or after school activities (social or support) of school sponsored clubs, organizations, or groups
- The following music performances: NSAA contests, field contests, solos, ensembles, honor choir, honor band, pep-band, or performances during regular school hours that would require a student to be absent from classes other than music.

Further, the ineligible student will not be allowed to be in uniform for games or contests.

An exception to the Academic Eligibility Rule may be made for students that have qualified for a State contest or who hold a District or State office while being ineligible. The principal or activities director may make exceptions to the rules.

HELP – Homework Enrichment Learning Program a Grade Recovery Intervention Program-Grades 9-12

The purpose of the HELP is to provide extended learning time for students who are failing or are near failing. Therefore when a student has any missing assignment or a D or an F they will be placed in the HELP to assist in finishing any incomplete work. The HELP is designed to provide an additional learning environment outside of the normal academic day, with the availability of an individual instructor. Students will be placed in the HELP only when it is seen as helping them academically. Students will not be placed in the program as a punitive action. Once students have completed the required schoolwork, they will be excused from HELP. All students assigned to the HELP must hand in their completed assignment to the HELP supervisor.

The HELP will run on Monday – Thursday from 3:15 – 4:00pm. Designated HELP time will take precedence over extra-curricular events. If student is assigned to the HELP they will not be excused to attend extra-curricular activities until work is completed. If a student has been assigned a 45-minute detention on the same day as HELP the student will report to the HELP and serve their detention the following day.

Skipping assigned HELP time will result in the following punitive action being taken.

| First Offense | Friday School |
| Second Offense | Friday School |

HOMEWORK – Late Assessment Policy

Once an assignment is late a student will receive a reduction of 10% of the final grade they earned for that late assessment. Students will continue to receive a 10% reduction if an assignment is turned in

within a 5 school-day grace period. After the grade period of 5 school days, students will then receive 50% of the credit they earned on the late assignment up until the assessment piece (test, project, or paper) is completed. After the summative assessment piece is given, students may receive a 0 for the incomplete assignment.

*Junior high students with missing assignments will be required to stay 1 hour after school on Friday.

*Junior high students may receive 50% credit up to the end of the semester because of the .. Reward-Recovery” system.

*The HELP system has been amended to include the option for teachers to assign HELPs for any student with a missing assignment, regardless of their grade. However, teachers will still be required to assign HELPs for students with missing assignments in a class where the student is earning a D or an F.

*Assessments include: Homework, quizzes, projects, tests, and papers.

PROHIBITED CONDUCT

All participants in extra-curricular activities are required to observe the Student Code of Conduct as prescribed in the Parent/Student Handbook. A student becomes ineligible for all extra-curricular activities of the school program and suspension from all extra-curricular activities shall result when, during the school year (including fall practice), a sponsor, teacher, administrator or police officer has determined that there has been any violation of the Code of Conduct.

CODE OF CONDUCT FOR ALL STUDENTS OF FORT CALHOUN SCHOOLS Board Policy 5035

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

law. District administrators may develop building-specific protocols for the imposition of student discipline.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
