Summer 2021

Hindsight is 20/20

Secretaries, para-educators, office assistants, bus drivers, custodians, cooks, teachers, administration, students, parents/guardians, board of education and anyone else who supported the efforts to keep our school open, I thank you. It was certainly a team effort.

Could we have done it differently, of course? We could have gone with a hybrid plan, we had one developed. We could have shut down for an extra week/days following Thanksgiving and Christmas break, other schools did. We could have cancelled Fall activities, one very large district near us did. Masks, let's not even go there. Day to day, week to week and month to month decisions were made with the best of intentions using the information we had at the time; Local, State and Federal information, that in the Fall was changing literally day by day.

Hindsight is said to be 20/20 but in this year of school, facing a pandemic, I am not sure. We gathered a team, we had a goal, we made a plan and we went for it. We made adjustments, we bent, we fought and we worked our hearts out. Reflection and hindsight tell me one thing, we made it. Lessons were certainly learned. I hope in my career that I never have to go through another pandemic, I wish this past school year on no one and yet I believe it is an experience that, if we have the right mindset, made us all better. You just need to look for the positives, remember the hard work that led to success, the sacrifices made for others.

Looking forward, what we accomplished this year with COVID, next years expectations just went through the roof. (Like Normal)

HAVE A GREAT SUMMER BREAK.

Jerry Green
Superintendent
Fort Calhoun Community Schools

Engaging + Learning + Achieving = Productive PIONEERS!

What a year! We survived! At this time I wanted to say thank you for your support this year. It was one of those years that felt like it was never going to end. It was refreshing as the year dwindled down and was able to have a few activities in the building it started to feel somewhat normal again. We were able to host Field Day and our annual end of year celebrations (Preschool/ Kindergarten/Sixth grade). All activities that parents and guardians attended in person. This turning point feels good. Additionally, I wanted to take the time to elaborate on a few other items that are occurring in the building. Here we go!

The preschool classrooms addition is almost finished. We are finalizing a few items and going over the final punch list to ensure the area is ready to move in. I know our classroom teachers are very excited about the new space. More importantly the space is going to be ready for the 2021-22 school year. We will share more information (Ex. pick up and drop off) as we move closer to the start of the 2021-22 school year. The area is looking amazing! I can't wait to show it off.

Next, as we discuss the 2021-22 school year I wanted to take the time to discuss the transition plan for my position. I will be deploying with the Air National Guard in the beginning of next school year. The interim elementary principal will be Mr. PJ Mallette. Mr. PJ Mallette is currently our HAL/Behavior Interventionist instructor. Then in turn, Mr. Mike Mallette is going to fill his position as the HAL/Behavior Interventionist instructor. Mr. Mike Mallette is currently one of our sixth grade instructors. That leaves a sixth grade teaching position open. We have held interviews for this position and we are looking to present a candidate for board approval during the June board meeting. As you can see there is a bit of a change up next school year. This transition plan will be for one school year. We feel this plan is well thought out and a great fit for our environment.

As I conclude this message I would like to say a few "Thank you's".

*Thank you to the students for being resilient this school year!

*Thank you to my staff for overcoming a year of adversity!

*Thank you to our families and community members for your support!

Remember to have some fun this summer. You deserve it! Have a safe and adventurous summer! I will see you around.

Pioneers,

Summer Strength & Conditioning is right around the corner for incoming 7-12 students. Please reach out to Coach Shepardson with any questions. ashepardson@ftcpioneers.org.

Early in the summer is a great time to get sports physicals completed for all incoming 7-12 athletes. Athletes will not be able to participate in any activities starting August 9, 2021 without a sports physical. The sports physical must have taken place after May 1st to qualify them for the 2021-2022 school year. Return a copy of the physical to the high school office when completed. The specific line we are looking for is "the athlete is cleared without restrictions to participate in athletics."

We have multiple high school, junior high, and elementary camps taking place this summer. A list of all camps and dates for all levels are list by activity below. Be on the look out for camp flyers from our high school coaches. Flyers will also be available in the high school main office.

MR. NICK WEMHOFF
Principal

In my 16 years of education I have taken many things for granted. I have come to realize that we, myself included, often don't value what is happening right in front of us. The pandemic brought many of these to light. Things that we just assumed would always be there were suddenly taken away. There are many valuable lessons that will stay with me for a lifetime as I sit here and reflect on the year.

Life throws curveballs in many different forms: finance, relationships, work, stress, etc. It is OK to ask for help. We cannot do it alone, nor should we have to. The first step to a solution is to ask a question.

Be a friend. The world needs more kindness and less judgment. For many, the struggle is real. Lift someone up; carry them if you have to. Someday they will return the favor and you will be forever grateful.

Social interaction is not only necessary, but also a gift. Don't allow the opportunity to spend time with someone go wasted. Someday, they will not be there. Let that sink in...

Understand what matters most and what matters least. Ultimately, your satisfaction in life depends on your ability to distinguish between the two. Spend more time doing what you love.

The little things in life matter; be on time, take responsibility, do what you set out to do, smile, laugh, and give when you can. When you add up all the little things you do, you make a difference in this world. That matters.

"What you do makes a difference, and you have to decide what kind of difference you want to make"
- Jane Goodall

SCHOOL DISTRICT CENSUS

We are growing and to be prepared we continually maintain a census of all our residents to determine future needs.

Please help us with our child count by reporting your children up to 18 years old. If you have not already notified us or there has been a change in your household, call the District office at 402-468-5591 with your information. If you have new neighbors pass this on to them. We would like to hear from you whether you have school-age children or not so we may keep everyone up-to-date with District information.
