Target: To decrease the number of students failing class and students failing multiple classes on a semester basis.

CSIP Goal: 95% or more of our students will pass their classes each semester.

Strategies:
* Teachers post lesson plans and use Google Classroom online learning management system for students to access classwork/assessments and deposit assignments.
* Update grades in a timely manner.
* Post at least one grade from each class on a weekly basis.
* Assign HELPs to those missing assignments or earning a D and/or F in a course.
* Junior high Friday school support
* Weekly ineligible list

Success Criteria:	**Progress Monitoring:**
* Teachers provide in-class and out-of-class assistance to students. * Teacher provides clear directions and models expectation of assignment (e.g. providing students exemplars; input demonstrating; metacognition)	* Weekly ineligibility reports * Weekly tracking grade input

Monitor and Adjust:
• Review weekly ineligibility report's total number of students.
• Review weekly ineligibility report's for a student failing multiple classes.
• Administration monitoring teacher's weekly updated grades.
